

WILDERNESS MANOR

Renowned for its beauty and golden beaches that seem to stretch on forever, a holiday in Wilderness along the Garden Route is truly memorable. Owners of the elegant Wilderness Manor, Gerald and JD, have made it their mission to offer only the best personal service, and it shows.

THE ATMOSPHERE Knockout lagoon and beach views complement four rooms that pamper with fluffy robes and glossy mags. Relax with a book in the lounge or on the balcony, and delight in the spectacular scenery.

BREAKFAST A full traditional English and continental breakfast is served in the breakfast room or alfresco on the sunny balcony overlooking the indigenous forest where the beautiful Knysna Loerie comes to feed.

HIT THE BEACH The sparkling blue ocean and silk-soft sand are undoubtedly Wilderness' crowning glory. But if you're up for something a little bit different, why not take a slow bike ride on the little byroads or on the beach at low tide?
